DOORS
HIGHEST SECURITY. MAXIMUM BEAUTY.
YOUR SECURITY IS A DOOR AWAY

A journey to a house starts with its door. A perfect door not only sets the tone for the rest of the house but also provides security for your loved ones.

NOT EVERY DOOR MATCHES YOUR NEEDS

A door needs to fulfill all your requirements and expectations. But not all doors can do that. Sometimes, that required strength is missing. Sometimes, they are not a thing of beauty. And sometimes, they are damaged by termite, water or sunlight.

DID YOU KNOW?

WHAT IT TAKES TO MAKE A WOODEN DOOR

The process of making a wooden door is complicated and not transparent. There is no check for quality or price. There is inconvenience and the process has multiple hassles. Wooden doors harm the environment by contributing to the problem of excessive deforestation.

While the entire world prefers beautiful and safe metal doors, 80% doors in India are still made of wood!

WOOD PANEL DOORS

8 STEPS, 6 POINTS OF CONTACT, NO CHECK FOR QUALITY
THE PROMISE OF TATA PRAVESH DOORS

Complete Door Solution | Free Delivery* & Installation

STRENGTH
Tata Pravesh doors are 4 times more secure than wooden doors*

TERMITE-RESISTANT
Tata Pravesh doors are made of steel which is naturally resistant to termites

VALUE FOR MONEY
Superior products at reasonable prices

REFLECTIONS NATURA SERIES

Choice of 6 unique wood-finish doors in classic and contemporary styles. 6 lock designs in 2 different finishes to match design of shutter. Matching door handles, tower bolts and door stopper.

A tribal weave’s bold contrasts to make modern homes captivating.

The grandeur of an ancient haveli, recreated for today.

Recreating the charm of times long forgotten, with a contemporary twist.

Quaint brickwork from a Parsee mansion for today’s great houses.

Summer woodland memories captured forever.

A Zorse? Of course - that's why our doors have stripes.

WINDOWS

BREATHTAKING VIEW. ETERNAL BEAUTY.
TYPES OF WINDOWS PREVALENT

Classification based on material

WOODEN WINDOW

CONSUMER ISSUES

- Prone to termite attack
- Not resistant to weather and water
- High maintenance as polish wears off in few years
- Warpage

STEEL PRESSED WINDOW

CONSUMER ISSUES

- Not aesthetic
- Not easy to clean
- Prone to corrosion
ALUMINIUM WINDOWS

CONSUMER ISSUES

• Tracks of window are difficult to clean
• Frame is manually joined and has gaps that causes water seepage
• Rollers are not long lasting
• Not water proof and sound proof
• Springs of lock are not of good quality
• Low thermal insulation

UPVC WINDOW

CONSUMER ISSUES

• Friction stays make casement window difficult to operate
• Window surface may get damaged with continuous exposure to sunlight
**YOUR NEED AND MORE**

Tata Pravesh windows give the same security, strength and beauty, like a Tata Pravesh Door.

FAQs

What are the different variants of steel doors available?
Tata Pravesh doors are available in three variants: Embossed Wood Finish, Plain Wood Finish, and Plain Steel Finish.

What is the right size of the wall opening to be kept to install Tata Pravesh door?
The wall opening will depend on the chosen door size from among the sizes illustrated.

How do I get the Tata Pravesh door installed?
Tata Pravesh door will be installed by a trained installation team. You may fix the date and time of installation of the door with the dealer.

What is the cost of installation?
Installation service is provided free of cost.

How long will it take for my door to get delivered?
The delivery time will vary as per availability and location and needs to be discussed with the dealer at the time of purchase.

How should my door be stored before fitting?
It is suggested that the door should be delivered at the time of installation to prevent any damage to the door. In case the delivery of door is taken before the scheduled installation, the door should be kept flat on a raised surface. No heavy object should fall on the door.

How do I change the lock on my door?
The lock will be installed by the trained installation team during door installation. In case you wish to change the lock in the future, you may contact your dealer or call at the toll-free number 18004199200.

Can extra lock be installed?
Doors with option for extra lock can be made available on request.

How do I fix a nameplate on the door?
To fix a nameplate on your Tata Pravesh door, please specify the need for fixing it at the time of booking so holders can be ordered or please fix it with a VHB (very high bond) tape. Please install it with the help of our installation team. Fixing it yourself or with a local person is not recommended.

Will a Tata Pravesh door rust?
Tata Pravesh door will not rust as long as the outer coating of the door remains intact.

Will the finish of the door peel off or get spoilt?
The finish of the door is factory engineered and will not get spoilt unless the door comes in contact with harsh chemical or a heavy object which can destroy the outer coating of the door.

Will the door get dented or cracked?
Although Tata Pravesh door is made from high quality steel, it may get dented with rough use.

Can I paint the door?
Painting the door will remove the wood finish of the door. Hence, for the elegant look and natural wood finish, it is advised not to paint the door.
WITH TATA PRAVESHER, YOUR RELATIONSHIP WITH TATA STEEL GROWS STRONGER

DON’T FORGET TO COLLECT YOUR RECEIPT FROM THE DEALER

Ensure that you leave the correct space in wall for installation as per door/window chosen and do not install a wooden frame

MEET THE TATA PRAVESHER PIONEERS

GYANENDRA KUMAR, PATNA
Tata Pravesh doors and windows require no maintenance and have warranty. The superior branded lock system ensures that the keys can never be duplicated. Tata Pravesh doors and windows have made my home truly beautiful.

KANTA RANGHI, ROHTAK
Tata Pravesh doors don’t bend or shrink during monsoon like wooden doors and are termite-proof. I no longer have to face the hassle of calling a carpenter.

CHANCHAL KUMAR DAS, KOLKATA
Using Tata Pravesh external door for my main entrance has spared me the cost of a separate collapsible gate. The best thing is that I won’t have to spend time and money on polishing these steel doors.

ROHTASH SINGH, BHUWANI
Tata Pravesh doors are way better than wooden doors in terms of quality, strength and security. Now I can go for holidays with complete peace of mind.

BHARATBHAI KESHAVLAL, AHMEDABAD
When you are choosing a Tata Pravesh steel door, you are making an environment-friendly decision. You are saving trees by not using wooden doors.

SHIVASHANKAR DHOTRAJ, HUBLI
Tata Pravesh steel doors look as beautiful as a wooden door. Nobody can tell that these doors are not made of wood. With a 5-year-warranty for manufacturing defects, these doors are the best alternative to wooden doors.
